WORK EXPERIENCE

Frontend Developer, Careers360

Dec 21 - Present

- Developed **responsive**, pixel-perfect web pages from Figma and Photoshop designs.
- Collaborated with backend developers to seamlessly integrate frontend components with RESTful APIs, ensuring smooth data flow and application stability.
- Developed **reusable** React.js components, improving efficiency and reducing development time.
- Enhanced both client-side and server-side rendering, achieving a 25% **faster page load speed** and a 20% boost in search engine visibility, leading to **better SEO** rankings.
- Implemented **Error boundaries** in React, preventing crashes and improving application stability.
- Applied **unit testing** with Jest and React Testing Library, reducing **post-deployment issues by 15%** and increasing code reliability.

Trainee, EClerx

June 21 - Aug 21

- Enhanced expertise in HTML, CSS, JavaScript, React.js, and **REST API integration** for building robust applications.
- Participated in **Agile** sprints using Jira, improving task tracking and development efficiency.
- Utilized **Git for version control**, streamlining collaboration, code management, and deployment workflows.

SKILLS
